Good Day,

This proposal is all wrong, it will do nothing for commerce nor the free use of the Internet.

I am very much against this.

Please take this into consideration.

Also there was nearly no publication of this nor means to locate a comment page, this is not a good thing.

Yours Truly

"A nation can survive its fools, and even the ambitious. But it cannot survive treason from within.

An enemy at the gates is less formidable, for he is known and carries his banner openly.

But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself.

For the traitor appears not a traitor, he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness that lies deep in the hearts of all men.

He rots the soul of a Nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist.

A murderer is less to fear."

- Marcus Cicero 106 B.C. -
